About the Leigh to Pennington Walking and Cycling Scheme

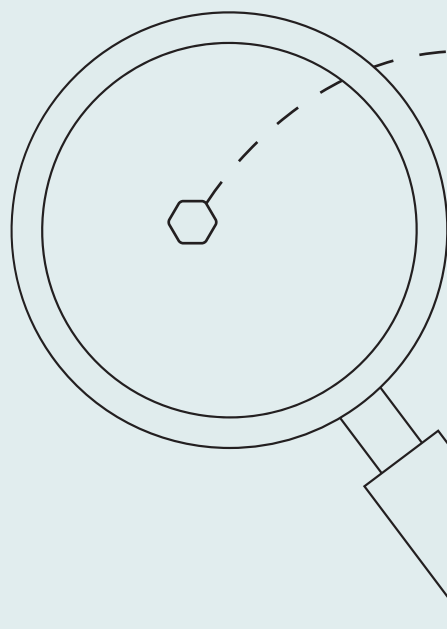

As part of our aim to create a cycling and walking network throughout Leigh, Atherton and Tyldesley and to expand the existing Bee Network, the Leigh to Pennington Scheme is now complete.

These new facilities for pedestrians and cyclists link the paths around the Leigh Sports Village and Pennington Flash and give people the option to easily and safely walk, cycle or wheel locally.

The pathway has been upgraded with improved surfacing and a segregated two-way cycle track, along with lighting columns to make the route safe and accessible all year round. Improvements have also been made to the crossing points to include dropped kerbs and tactile paving which allow pedestrians to cross more easily and benefit those with mobility issues or buggies.
